

After Demo Day — Your First 30 Days

The stage. The moment. The proof.

Theme: Demo Day • Time: Ongoing

YOUR MISSIONS

01 Write the recap

One long-form post: what you built, what you learned, what's next. Publish it.

02 Ship weekly

One meaningful update per week for the next 4 weeks. Post it. Every time.

03 Get to 100 or \$100

100 real users OR \$100 in real revenue. Whichever suits your business.

04 Stay in the room

Join the alumni chat. Weekly check-ins. You are each other's unfair advantage.

REFLECTION — WRITE, DON'T THINK

☐ What are you most proud of from these 10 days?

☐ What surprised you about yourself?

☐ If you had to bet on one classmate to build something huge — who, and why?

Come back to camp next year and mentor the new batch. That's how legends are made.
